

Bathroom Toilet Seat

Suzhou Fine Era is a company with more than 10 years of experience as the ODM/OEM manufacturer of Bathroom Toilet Seat.

Our mission is to become an international high-end quality brand and setter of international sanitary industry standards.

1. Product High Lights of Bathroom Toilet Seat

Material

Material Our high-quality wood fibre Bathroom Toilet Seat are made using finely pulped softwood which is then pressed (MDF). The material is skin-friendly, offers exceptional comfort and a particularly fine finish.

Function

Function Loud bangs and trapped fingers are a thing of the past with the soft-close system. This technology ensures the toilet lid and seat close gently and silently. The high-quality chrome-plated stainless steel hinges (rustproof) also promise an elegant and attractive appearance.

Design

Design The variety of patterns and designs, applied to three surfaces on the toilet seat, allow you to add a special style to your bathroom. So a bathroom can be more than just a bathroom by using lovely motifs to add a really personal touch.

Our high-quality Bathroom Toilet Seats are made of finely pulped softwood which is then pressed (MDF). The material is skin-friendly, offers exceptional comfort and a particularly fine finish.

Soft close function:

The toilet lid has a lowering function and an easy-close system, no noise. Chrome hinges also provide greater stability.

Design

The variety of patterns and designs, applied to one to three surfaces on the toilet seat, customized solid colors are also popular in Europe and North America. We accept OEM and ODM.

Installation:

Our Bathroom Toilet Seats come in a standard size with adjustable hinges so they fit on almost all commercial toilet bowls (wall-mounted or pedestal). Quick and easy installation is guaranteed thanks to the quick-fastening set included.

Dimensions:

L/W/H 43.5 x 37.5 x 5 cm – The length "L" is specified without the universal hinges on the toilet lid. The mounting holes on the toilet can be spaced from 10.5 to 20 cm apart for optimum seat installation.

Cleaning:

The smooth surface of the toilet lid is impressively hygienic and easy to clean, suitable for standard commercial cleaning products and offers maximum hygiene. High-quality, strong MDF and sturdy metal hinges also ensure durability and excellent stability.

As per our daily life, toilet is one of the most import part. Our company aims to improve our daily life, make beauty and colorful, especially bathroom toilet part. Our factory was founded more than 20years. To help customers well know our company, in 2013, we start our on-line selling, and founded our international sales department.
